These hours can be purchased alongside the online application at a rate of €40 for each respective time slot. Applicants have the option to purchase either the morning or the afternoon slot, or both, with payment covering the entire summer period.

Other Considerations

Transport to and from the summer school is a separate cost from other summer school expenses, as per the agreement with the transport service provider. Transport is available to and from the University Campus and must be settled with the third-party provider.

Any fees related to outing venues and transportation will be communicated once the program commences and must be settled with the child's teacher promptly.
