Incidents during the band march organised by the Leone Band Club on the occasion of the feast of Santa Marija; incidents could have been caused by the fact the Toni Farrugia, described as a staunch St. George supporter and a Bank of Valletta employee and who was contesting the general elections in the interests of Alternattiva Demokratika (and who is the compiler of this index), obtained a confirmation certificate of his colleague Maria Callus, notorious for her antipathy towards St. George and the La Stella Band Club.
