

International President 2023 - 2025 Emanuel Mizzi

Dear Friends,

We appreciate that you have taken the time to visit the website of SIEC-ISBE.

The vision of the 'International Society for Business Education' is to be a professional organization for those engaged in business education around the world. If you are not a member, we urge you to become one to partake in its mission of enhancing the international perspective of business and business education professionals.

SIEC-ISBE enhances your professional development by offering you international educational networking opportunities that forge and nourish new professional relationships, providing you with relevant exchange experiences in business education, encouraging you to maintain links between business and business education, enabling you to experience the diversity of other cultures and nations, and assisting you to address common challenges such as climate change and sustainability.

This professional development is fostered by meeting other business education professionals at international conferences and networking sessions, sharing pedagogical material, exchanging research in business education, and organizing educational projects together. SIEC-ISBE allows you to contribute to the regular international newsletter, participate in the *SIEC-International Global Exchange* project, and publish to an international audience through the *International Journal for Business Education*.

I have personally experienced how SIEC-ISBE enhances professional development. I encourage you to actively participate in SIEC-ISBE if you are a member and to join in if you are not part of this international collaboration.

Best wishes and peace be with you.

Dr. Emanuel Mizzi
International President
