Nadya Kissaun

Nadya Kissaun was born in Malta, and from a very early age has achieved various successes in the music field.

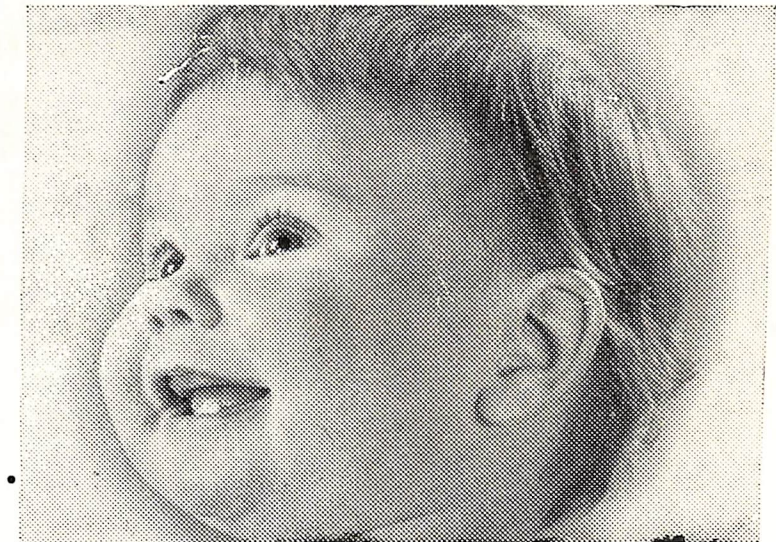

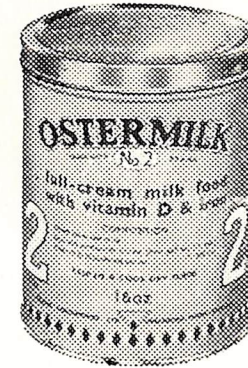

She started studying under her sister, a concert pianist, and at the age of nine had already won her first award, the First Prize Bursary assigned by the Royal School of Music, London, to an outstanding student in the Commonwealth. Later she qualified for the Licentiate of the Royal School of Music, London.

She has given various recitals in Malta, including the British Institute, the Malta Cultural Institute, at the Manoel Island Theatre with the Orchestra of H.M.'s Royal Marines, Mediterranean Fleet, and at Admiralty House with the orchestra of the Commander-in-Chief.

In 1954 Nadya Kissaun and her sister were chosen to represent Malta in a music programme broadcast by the B.B.C. in honour of H.M. the Queen's Commonwealth tour.

Three years ago she was awarded a Fulbright Grant, the Schembri Bequest by the Maltese Government, a grant from the Society of Arts, Manufacture and Commerce, a scholarship from the Boston Conservatory of Music and the financial backing of the Calouste Gulbenkian Foundation to continue her studies in the United States of America. There she studied piano with two of the most eminent Russian artists of the Leschetizky School — Alfred Mirovitch and Alexander Borovsky, who both wrote of her musician-ship in glowing terms. She also studied Conducting, Cello, History of Music Criticism, Fine Arts, Psychology and German. Each semester she was cited on the Dean's List for High Honours, and she finally graduated "cum Laude".

Whilst in America she gave various recitals and each time received high praise from the press critics. She has also played on B.B.C. Television.
