*The face you'll never forget ...
... comes on a Seiko watch*

The beauty of a jewelled-lever Seiko watch is easy to see. But inside is the real beauty. Anti-magnetic hair springs. Unbreakable mainsprings. Shock-resistant operation. And nontilted balance wheels for greater accuracy. That's why every Seiko watch is a

precision timepiece for years of dependable service. The man or woman who owns a Seiko watch never forgets it. Don't forget it for gifts, either. Seiko from the world's largest independently-owned manufacturer of jewelled lever watches, founded in 1881, and the producer of the official timers for various international sporting events.
