PARTICIPATION IN INTERNATIONAL STUDENT EXCHANGE PROGRAMME

Eleven University students are participating in the International Student Exchange Programme (ISEP) during the period September to December 1990. The following participants are pursuing studies in American Universities and Colleges:

Faculty of Arts

Dorothy Agius, Kevin Doublet, Clive Zammit

Faculty of Education

Martha Bartolo

Faculty of Economics, Management and Accountancy

Lucienne Attard, Therese Cutajar, Romina Farrugia, Anne Marie Zammit

Faculty of Mechanical & Civil Engineering

Kenneth Camilleri

Faculty of Architecture & Electrical Engineering

Raymond John Vella

Faculty of Law

Robert D'Alessandro

This exchange programme commenced in 1983 and to-date over seventy Maltese and seventy American students have participated in the scheme. The success of the scheme is due to the students' excellent performance during their stays in the two countries.

There will be more students coming from American universities in October 1990 and plans are being considered to meet fully the demand of students interested in participating in the scheme. The awareness in establishing stronger ties with overseas countries through schemes of an academic nature, augur well for the understanding between youths pursuing degree courses in distant countries.
