

Restoration of Perimeter Walls and Altars at Our Lady of Victory Church

Simone Mizzi

Vice President of Din l-Art Helwa

Din l-Art Helwa is glad to announce that two-thirds of the perimeter walls at Our Lady of Victory Church and three of its five altars are now restored. Our thanks go to our sponsors, the Alfred Mizzi Foundation and PwC Malta, for making this work possible. Without their generosity and belief in our mission this delicate and assiduous work would not have been completed.

Detail from the altar dedicated to St John of God

below:

In 2015 Din l-Art Helwa completed the delicate restoration of the St John of God altar and that of St Philip Neri and their elaborate carved niches, with the support of the Alfred Mizzi Foundation

Fabulous gilding is revealed on the festoons and elaborate carvings that form the stone moulding around the Our Lady of Victory silver icon and the mannerist painting of the Nativity of the Blessed Virgin, said to be the original titular painting of the church. This restoration work was completed in 2015 and was made possible with the support of PwC Malta
