Subject: SEC 37 Engineering Technology – Unit 1 Controlled Assessment 2023
Change in Marking Scheme

Date: 12th May 2023

Kindly note the following in relation to the Controlled Assessment of SEC 37 Engineering Technology Unit 1 Marking Scheme:

Question 5a – C3 – MQF1 (page 6 of 10)

The label linked to the expected answers in relation to the identification of **TWO** metal manufacturing processes should read 'Metals' instead of 'Polymers' as per below:

Examples of expected answer.

Candidates are expected to identify the following:

Wood: finishing; bending.

~~Polymers~~ **Metals**: annealing; electroplating.

Please ensure that the above change is brought to the attention of the teachers and internal verifiers concerned with this assessment.
