Subject: SEC 39 Information Technology – Unit 1 Controlled Assessment 2023
Changes and Clarifications

Date: 16th May 2023

Kindly note the following in relation to the Controlled Assessment of SEC 39 Information Technology Unit 1 Paper and Marking Scheme:

Question 2b – K3 – MQF2

The published Marking Scheme (page 3 of 15) mistakenly refers to a 'blind employee'. In line with the scenario given in the question, the Marking Scheme should be amended as follows:

| Example of Expected Answer |
|--|
| Students are expected to select an appropriate input and output device for a blind person to be used by the employees during online meetings . The following are the only possible answers: <i>Input Device:</i> Microphone OR Mouse <i>Output Device:</i> Headphones OR Monitor Note: Speakers are not to be accepted as a valid output device since the scenario clearly states that it is important that during the online meetings employees do not disturb their colleagues. |

Question 6c – K8 – MQF3

Given that in the question presented (page 10 of 16), the essential phrase 'to document' was erroneously omitted, the **2 marks** allocated for this sub-question should be **awarded to all candidates** who sat for this exam.

Please ensure that the above changes and clarifications are brought to the attention of the teachers and internal verifiers concerned with this assessment.
