

**From:** Mr Dario Pirotta  
Director, MATSEC Support Unit

**To:** College Principals  
Heads of School

**Subject:** SEAC 02 Health & Social Care 2023 Syllabus Update

**Date:** 30<sup>th</sup> October 2020

---

The SEAC 02 Health & Social Care 2023 syllabus has been updated as follows:

**Unit 1 – C2 – MQF 3**

- The content label (page 16) now reads: *“Evaluation of an activity organised for a child based on:”* instead of *“Evaluation of own activity...”*. The nota bene (**N.B.**) requiring the criterion at this level to be assessed after carrying out A4 has been removed, given that as part of COVID-19 measures A4 will not be assessed this year (as per earlier communications).
- The criterion (page 21) has been reworded to: *“Evaluate an activity organised for a child”*, indicating that the activity to be evaluated by the student does not need to be one’s own.

This modification is strictly linked to COVID-19 mitigation measures and **applies only to students being assessed in Unit 1 during scholastic year 2020-2021.**

Please ensure that these changes are brought to the attention of teachers and internal verifiers, and reflected in affected assessment accordingly.
