It is concerned with developing musical abilities through the use of various skills explored in these four main areas. The subject offers local and cross-cultural elements that will broaden the candidate's concept of music.

Aims

The syllabus aims at stimulating and developing:

- an aural perception and appreciation of music
- an acquisition of correct terminology relevant to music
- creative thinking and intuition
- analytical awareness
- a creative approach to elementary composition
- expressive skills through public performances

- an ability to appreciate Maltese culture and local repertoire

Assessment Objectives

The examination will test the candidate's:
