Changes in Exam Paper(s)	<p><b>To amend as per below;</b></p> <ul style="list-style-type: none"> <li>- Section A (20 marks): Five theoretical questions <b>from a choice of seven questions</b>, spread over a number of topics within the syllabus. Each question carries 4 marks.</li> <li>- Section B (30 marks): One compulsory question assessing financial accounting. Candidates are requested to produce a set of financial statements from a given trial balance. This question may assess sole traders, companies and manufacturing concerns. <b>(No changes)</b></li> <li>- Section C (25 marks): <b>Three</b> questions out of which candidates must answer one. This section assesses all financial accounting topics, excluding the <b>preparation of a full set of financial statements from a given trial balance.</b></li> <li>- Section D (25 marks): <b>Two</b> questions out of which candidates must answer one. This section assesses all cost and management accounting topics. <b>(No changes)</b></li> </ul>

**Accounting IM 01  
Syllabus**(Available in September)  
1 Paper (3 hrs)**Introduction**

The syllabus seeks to develop sound financial literacy, and the presentation and evaluative skills required in financial and cost and management accounting.

**Scheme of Assessment**

One three (3) hour paper consisting of four sections shall be set. The examination paper will be set as follows:

- **Section A (20 marks):** Five compulsory theoretical questions, spread over a number of topics within the syllabus. Each question carries 4 marks.
- **Section B (30 marks):** One compulsory question assessing financial accounting. Candidates are requested to produce a set of financial statements from a given trial balance. This question may assess sole traders, companies and manufacturing concerns.
- **Section C (25 marks):** Two questions out of which candidates must answer one. This section assesses all financial accounting topics, excluding the topics referred to in Section B above.
- **Section D (25 marks):** Two questions out of which candidates must answer one. This section assesses all cost and management accounting topics.

Theoretical questions can be set within Section A and Section B. No theoretical questions will be set within Section C and Section D. Questions of an entirely essay-type nature shall **not** be set. The paper shall allocate 25% of the marks to theoretical questions

Noiseless and non-programmable calculators will be permitted. Candidates are advised to show their workings.

**APPENDIX - Suggested Accounting Ratios**

Gross Profit margin	=	$\frac{\text{Gross Profit}}{\text{Net Sales}}$	x	100
Mark up	=	$\frac{\text{Gross Profit}}{\text{Cost of Sales}}$	x	100
Net Profit margin	=	$\frac{\text{PBIT}}{\text{Net Sales}}$	x	100
Or	=	$\frac{\text{Net Profit}}{\text{Net Sales}}$	x	100
ROCE	=	$\frac{\text{PBIT}}{\text{Capital Employed}}$	x	100
Utilisation of capital employed	=	$\frac{\text{Net Sales}}{\text{Capital Employed}}$	x	100
Current ratio (Working Capital ratio)	=	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$		
Quick (Acid Test) ratio	=	$\frac{\text{Current Assets} - \text{Inventory}}{\text{Current Liabilities}}$		
Inventory Turnover	=	$\frac{\text{Cost of Sales}}{\text{Average Inventory}}$		
Collection period of receivables	=	$\frac{\text{Trade Receivables}}{\text{Credit Sales}}$	x	365
Payment period of payables	=	$\frac{\text{Trade Payables}}{\text{Credit Purchases*}}$	x	365

\*If purchases are not given and cannot be calculated, Cost of Sales may be used.

**N.B.**

Capital Employed = Issued Ordinary Shares + Reserves + Non-Current Liabilities  
*Alternative acceptable methods of calculating the above ratios are acceptable.*
