

ATTENTION THIRD YEAR STUDENTS

PHR 3116 – PHARMACY PRACTICE PROJECT II

SUBMISSION OF PROPOSAL

You are required to prepare a Proposal in line with your approved protocol for the Pharmacy Practice Project.

Word count: 1200-1800 words excluding footnotes, references, tables, appendices, costings and time plan.

The proposal is a concise description of the project and it is intended to describe the aim of the project, the materials and instruments which will be used, and the methodology which has now been designed. Indicate clearly statistical methods to be used and state the reasons for selecting the specific statistical tools. Provide an updated concise literature analysis presenting pertinent findings that are relevant to the study being undertaken and which establish rationale for the study. Discuss the significance of the project.

Use the headings:

Literature Review

Aims

Materials and Methods

Discussion

Costings

Time Plan

References

Include in appendix all questionnaires, protocols followed and/or any other developed tools, as applicable.

Layout of submission

- Include Table of Contents
- **References:** In text references listed according to author-date citation. the International Committee of Medical Journal Editors Uniform Requirements for Manuscripts Submitted to Biomedical Journals. Please refer to:
http://www.nlm.nih.gov/bsd/uniform_requirements.html
- A maximum of 4 tables and/or figures may be included, as applicable.
- Limit reproduction of tables/figures from another publication. If absolutely necessary, a table which is not clear or has a poor resolution should be re-done.
- Include the number of words at the end.
- Submit document in PDF and Word format.
- Submission has to be endorsed by project supervisor.
