

PHR 4220 COMPUTATIONAL CHEMISTRY PROJECT 3

The POSTER PRESENTATION

This poster presentation summarises all the work you have carried out to date. It should contain a complete descriptive methodology and the results acquired thus far. Your discussion must be concise and point the reader to the major significance of your findings.

The poster must be laid out according to the templates included in this section, and must contain the following headings:

- Title of Project and Name of Student
- Introduction,
- Aim(s),
- Method,
- Discussion,
- Reference(s) according to the International Committee of Medical Journal Editors Uniform Requirements for Manuscripts Submitted to Biomedical Journals. Please refer to:
http://www.nlm.nih.gov/bsd/uniform_requirements.html

The poster as prepared should include captioned graphics as necessary. The design part of the poster may be presented verbally or schematically.

It is important to use a clear font (eg arial) in an easily readable style (not smaller than font size 20) The font should be bold and double line spacing should be used.

Poster Dimensions: 50cm width x 100cm height.

The poster must be signed by supervisor
